

Application Form for Scholarships Offered through the Department of Metallurgical Engineering for Entering Freshman or Transfer Student

Complete all portions of the application legibly. This application is also available on our website, <http://www.metallurgy.utah.edu>

Requirements: Scholarship recipients must register for a minimum of 12 credit hours per semester, follow the outlined program (or an approved version thereof) in the University Catalog leading to a degree in Metallurgical Engineering, and maintain a 3.0 or better grade-point average. Prior to registration each semester, recipients must clear their planned course schedule with the department's undergraduate advisor for final approval. Failure to meet these requirements may jeopardize this scholarship.

The deadline for submission of applications (including this application, school transcripts, ACT/SAT scores, and letters of recommendation) for the majority of scholarships for Fall Semester is
Some scholarships may be available at other times; please contact the department.

February 1
